“When we strive to become better than we are, everything around us becomes better too.” - Paulo Coelho

Personal Statement

I am thrilled to working with you in the future.

I am a reliable, trustworthy individual with experience working with customers face- to-face and recently got some manager skills too. I have a Master's degree from math and phisics which gives me a good background for financial, analytical, science and IT world, as a teacher I had experience dealing with children and adults on a day to day basis. I have the right to work in the UK and keen to secure employment on a permanent basis.

- excellent **verbal communication skills**
- customer service skills
- excellent teamworker
- driving skills

Additional Skills

- Full clean UK driving license

Experience

Venue assistant

August 2021 – Current

All Saint's Centre, Lewes

Currently I am a venue assistant in All Saint's Centre, where I am responsible for the day to day running of the venues. I look after the bookings, keeping touch with the hirers and make sure the building is clean and well maintained.

Store assistant

October 2020 – February 2021

Dominos, Glasgow

I have learned how to handle different type of costumers, how to work under pressure during busy period in a team. I am learning how to do stock take, rotas, cash and receipts handling.

Courier

October 2018 – October 2020

Dominos, Glasgow

I have learned how to effectively plan my route, adhere to current safety requirements, carefully loading/unloading goods and have a good knowledge of the local area and road networks. Repairing my car on a weekly basis. I had to work under pressure and be a good team member to make an excellent customer service.

Handyman, Roughcaster

February 2018 - October 2018

WRF facades Ltd

In the beginning I was helping around the buildings, cleaning around, cleaning the yard, cutting the brushes, then they started to give me more responsibilities. I started to use high pressure washer, different types of machine tools, such as hammer drill for the preparation jobs, drills, electric saw and more power tools. I have usually done painting jobs as well. From all of these one of my favourite was when as a team we were doing wall insulation.

IT Callcenter advisor

March 2016 - January 2018

Telekom

Help dealing with different type of costumers and issues. I had to handle plenty of complex computer programmes such as Siebel, R2, KTN, CSR and show these how to work properly to my new colleges by training them. I have been trained for Broadband, TV, Phone and some part of Mobile services and I also studied the SAT, KOAX, IP and OPTIC systems. This IT knowledge helped me later on to improve my problem solving skills.

Teacher-Secondary School-Math and Physics

September 2017 - January 2018

SZTE Practicing Primary School and High School

I have graduated from the University of Szeged with a good Masters Degree. In my responsibilities were to teach to easily see through and understand educational thematic. I had to schedule the whole teaching system divided by week by week. I was communicating all the other teachers to keep up the students development.

Volunteer Experience

Tutor

September 2011 - January 2018

Hungarian Government

While I was at University, every summer I was working in a charity kids camp as a tutor where we were teaching them how to socialize, play games together, be responsible with each other and those who were undereducated we were trying to develop their skills to be more confident for the next school years.

Learn JavaScript Course – 06.2021

Honours & Awards

Employee of the month – Domino's

2020 July

2020 December

Interests

But life is not only about work as I love enjoying my life in many different ways. On my days off I like going to a safari park or sometimes I just stay at home and cooking different type of food as I learnt from cultures or I go to the gym or play basketball if I have a chance. But if you need a cold, fresh cocktail I would be the right person to call for. ;)
